THE WILLIAMS COLLECTION OF ANGLO-SAXON, VIKING AND NORMAN COINS PART I

26 MARCH 2018

This collection of almost 900 coins was put together over thirty years. Many of the coins have long and interesting pedigrees, some going back to the 19th century, and at least one back to the 18th century, while other very rare and choice coins are being offered at auction for the first time.

The collection falls naturally into two distinct parts, and so it will be offered in two parts, on the 26th March and 3rd July next year. The first sale will include coins of the various Anglo Saxon kingdoms and the early years of the kingdom of all England, as well as the contemporary Viking coinages. The second part will continue the coinage from the reign of Aethelred II to the Norman Conquest, and will then take us into the very interesting period of the 12th century 'Anarchy' under Stephen and Matilda.

We have illustrated here a selection of coins from the first sale.

LAT ISON is one of the last and consequently more mysterious inscriptions to appear on the native coinage emanating from Corieltavi territory at the time of the Claudian conquest. Rudd opines that such might in fact be a reflection of two names combined as he has also surmised for the previous AVNT COST issues. Whatever the true intentions of the inscription the few known examples all display its form in retrograde and all but one on gold plated cores.

J Rashleigh, Num. Chronicle, Vol. VIII, 1868, pp. 148, no. 2 (this coin)

Menabily House collection, commenced by Philip Rashleigh (d.1811)

Found at Trewbiddle, near St. Austell, Cornwall, November 1774

The Trewbiddle treasure was chanced upon by miners whilst streaming for tin on the estate of John Rashleigh Esq. in the Pentewan Valley on 8 November 1774. The hoard consisted of at least 114 Ninth century Anglo-Saxon silver pennies, a silver chalice and other smaller gold and silver objects. Philip Rashleigh, recording the discovery in May 1788, wrote: "[the hoard] contained many of the most curious Saxon coins ever discovered at one time. These with other pieces of antiquity fell out in moving the ground, and some were probably lost in shovelling about the rubbish." He went on to lament: "Those which were picked up were in a few hours disperst about the country, and many of them broken" [sic]. He does however thankfully conclude: "The greatest part [approximately 70] were afterwards collected, and are at [the Rashleigh family seat of] Menabily in Cornwall." Due to the unusual environmental conditions in which the hoard was deposited, Philip Rashleigh noted that most of coins recovered were coated with a copper wash, giving them a distinctive cuprous tinge.

v) Queenhithe Hoard, deposited c. late 15th Century

The Queenhithe Hoard was discovered by three metal detectorists over the course of a weekend in early February 1980. 495 coins were initially recovered, with several other examples appearing on the market around the same time. Curiously the hoard consisted entirely of hammer-struck forged pennies made from one obverse and four reverse dies copying the contemporary style of official productions of Edward IV from the London and York mints. X-Ray Fluorescence testing revealed the general content of each coin to be roughly 80% fine silver, so the forger could conceivably have been earning between 7s 6d and 9s 6d per pound of coin produced. As the site of discovery was in the bed of the river Thames, it is assumed that the coins were deliberately discarded to avoid the overtly incriminating evidence being discovered with the forger(s). Consequently under UK Treasure Trove laws, the hoard was not eligible as a prima facie case of treasure as it was determined that the original owner had never intended to return for them. Consequently the coins were returned to the finders and subsequently dispersed, with six examples each being donated to the British and London Museums.

Ireland, George II (1727-60), Halfpenny, 1747, v over U in GEORGIVS, laureate head left, rev. maid of Erin (S.6007), a previously unrecorded variety, near fine, extremely rare

£60-80

In 1747, Irish issues of George II updated the Latin legends used to represent the King's name. Previously, George II was transcribed as GEORGIUS with a U as opposed to the more traditional and distinctive Roman V - GEORGIVS. However, as had been the case with the contemporary English 'Lima' currency, the customary form was readopted and one must only assume that this die was one of the last produced in the erroneous style to account for the subsequent 'correction'. Undoubtedly an intriguing addition to the corpus of early Irish milled coinage.

George III (1760-1820), gold Quarter Guinea, 1762, laureate head right, rev. crowned and garnished shield (S.3741), fashioned into a lover's token, otherwise about very fine

£90-120

The practice of deforming currency to create a symbolic token of affection for one's sweetheart can be found on examples of coinage circulating in Britain at least as far back as the Tudor period. As most people carried money in a purse hung from their waist, it was thought that the one deformed piece would be easy to recognise as the lover's token and therefore would not simply be spent away. Joseph Addison in his "Adventures of Shilling" in 1710 provided a vividly imagined first hand account of a coin undergoing this unusual tradition: "This wench bent me, and gave me to her sweetheart, applying more properly than she intended the usual form of, To my love and from my love. This ungenerous gallant, marrying her within a few days after, pawned me for a dram of brandy, and drinking me out next day, I was beaten flat with an hammer, and again set a running"

George III (1760-1820), 'Cartwheel' Twopence, 1797, draped and laureate bust right, LUCAS EARLE/LIPSCOMBE in field, *rev.* Britannia seated, BORN/MAY DAY/1807 (S.3776), engraved in cursive script, good fine with minor edge bruising, nonetheless an attractive memento and historic curiosity

£80-100

Lucas Earle Lipscombe was born 1 May 1807 (or 1808 according to archival records) in Union Crescent, Shoreditch, the second son of Sophia and Richard Lipscombe, a yeoman originally of Whitbourne, Herefordshire. He was baptised at the parish church of St Leonards on 21 September 1809, and as was customary for the time, he inherited his mother's maiden name as his middle name. He married Mary Ann Eastwood at the parish church of St Giles-without-Cripplegate on 21 August 1825 and would go on to father at least three children with her. His maternal grandfather Solomon Earle (1751-1825) is also well documented owing to his lifelong career with the East India Company, beginning as a cadet in December 1767. He would progress to the rank of Captain on 21 August 1779 during the First Mahratta War, where he took command of the 2nd Battalion of the Bengal Army and was subsequently involved in the siege and capture of Ahmedabad and the actions at Pawangargh. He would ultimately return to England due to ill-health, eventually acting as Paymaster for the company at its depots in Clatterford and Chatham. His retirement settlement is recorded in the annals of the Asiatic Journal for April 1817, wherein a debate is settled regarding his pension allowance of £300 per annum. In it, he successfully petitions the company to grant him such a maintenance owing to his own infirmity, now aged 66, the guarantees it would bring to support his large family, and the long term ill-health of his wife. An insight into this fight for financial surety in later life is further evidenced in his will, where he explicitly singled out his female heiresses, namely daughter Sophia, cautioning her not to allow her inheritance to simply be used to pay off the debts of her husband Richard, and to instead ensure that that it was always prioritised for the benefit of future female heiresses. In respect to his grandfather's wishes, it is therefore not too surprising that Lucas Earle Lipscombe subsequently appears in the records of Poor Law removals and settlements on 7 January 1832, in which he and his family are noted for being transferred to the care of the parish of St John's, Hackney. Further research is needed to establish Lucas' later exploits.

George III (1760-1820), Crown, 1819 LIX, laureate bust right, THOMAS ORFORD/FEBRUARY 7TH 1835 in field, rev. St George and dragon (S.3787), neatly engraved in obverse field, otherwise, toned, about very fine

£80-100

No single individual has yet been identified as the Thomas Orford recorded on this Crown, although evidently it was a man of some connections for the gifter to have been able to afford the defacement of a 5 Shilling piece for the sake of a memento. It is also not clear whether the date relates to an anniversary, birthday, christening or a date of death as none of the potential options accord with this particular date in ancestral records. It is however known that brothers Richard and Thomas Orford Esqrs, of Disley, Derbyshire were active at this time, being noted for their extreme benevolence to the local parish church in supporting its enlargement at a cost of at least £3,000 as well as assisting the neighbourhood poor. Whilst entirely speculative, conceivably such local charity may have inspired private gifts of thanks such as this in return. Other Thomas Orfords are also known from Maidstone, Kent where one operated as a Surveyor for the Commissioners of Pavements in the 1830s, whilst another operated as a merchant in Liverpool, who dissolved a contractual agreement in May 1835. Further research required.

Islamic, Arab-Byzantine, Spain, Anonymous (c.711-14), base gold Solidus, 4.11g, year XCII (AH92), Indiction IX (9), abbreviated Latin legend around a seven-pointed star, *rev.* legend: HicSoLiDusFeRiTusINSPaniaANNoXCII, in field: INDCIX (Bernardi -; Walker -; A. 122 for type), *about extremely fine and well struck for type, of the highest rarity, the first known of this early date*

£8,000-10,000

The Byzantines first marked dates by indiction. Each indiction lasted for 15 years, the period covered by Arab-Byzantine issues of Spain being 703-717. This coin clearly displays the indiction year IX, being the earliest known for this series. The date further appears as the Hijra year XCII across the obverse in Latin numerals. This would equate to AD711 and make this the earliest known Spanish Umayyad coin, struck in the first year of Muslim influence, soon after Musa Ibn Nusayr arrived in al-Andalus. Unlike many later examples, it is a carefully made coin that may have been struck by the travelling mint accompanying Musa Ibn Nusayr himself. So far unpublished and unrecorded; as the first Islamic coin in Andalusian history this is an important addition to both Spanish and Islamic numismatics.

This historic reference work is still the only catalogue to feature every major British coin type from Celtic to the present day, arranged in chronological order and divided into metals under each reign, then into coinages, denominations and varieties.

Under Elizabeth II the decimal issues are separated from the pre-decimal coinages, with all the decimal coinage listed in a second volume.

TERMS AND CONDITIONS FOR BUYERS

These conditions set out the terms on which we (**Spink and Son Limited** of 69 Southampton Row, Bloomsbury London WC1B 4ET (company no. 04369748)) contract with you (**Buyer**) either as agent on behalf of the Seller or as principal if we are the Seller. You should read these conditions carefully.

1 DEFINITIONS

The following definitions apply in these conditions:

Auctioneers' Margin Scheme	means a VAT margin scheme as defined by HM Revenue & Customs;
Buyer's Premium	means the charge payable by you as a percentage of the Hammer Price, at the rates set out in clause 5.1 below;
Certificate of Authenticity	means a certificate issued by an Expert Committee confirming the authenticity of a Lot;
Expert Committee	means a committee of experts to whom a Lot may be sent for an extension in accordance with clause 3.4.3;
Forgery	means a Lot constituting an imitation originally conceived and executed as a whole with a fraudulent intention to deceive as to authorship, origin, age, period, culture or source where the correct description as to such matters is not reflected by the description in the catalogue and which at the date of the auction had a value materially less than it would have had if it had been in accordance with the description in the catalogue. Accordingly, no Lot shall be capable of being a Forgery by reason of any damage and/or restoration work of any kind (including re-enamelling);
Hammer Price	means the amount of the highest bid accepted by the auctioneer in relation to a Lot;
Lot	means any item deposited with us for sale at auction and, in particular, the item or items described against any Lot number in any catalogue;
Reserve	the amount below which we agree with the Seller that the Lot cannot be sold;
Seller	means the owner of the Lot being sold by us;
Spink Group	Spink and Son Limited, our subsidiaries and associated companies.
VAT	value added tax chargeable under VAT and any similar replacement or additional tax; and
VAT Symbols	means the symbols detailing the VAT status of the Lot details of which are set out at the back of the catalogue.

2 SPINK'S ROLE AS AGENT

- 2.1 All sales undertaken by us either at auction or privately are undertaken either as agent on behalf of the Seller or from time to time, as principal if we are the owner of the Lot. Please note that even if we are acting as agent on behalf of the Seller rather than as principal, we may have a financial interest in the Lot.
- 2.2 The contract for the sale of the Lot will be between you and the Seller.

3 BEFORE THE SALE

3.1 Examination of goods

You are strongly advised to examine personally any goods in which you are interested, before the auction takes place. Condition reports are usually available on request. We provide no guarantee to you other than in relation to Forgeries, as set out in clause 5.13 of these Terms and Conditions.

3.2 Catalogue descriptions

3.2.1 Statements by us in the catalogue or condition report, or made orally or in writing elsewhere, regarding the authorship, origin, date, age, size, medium, attribution, genuineness, provenance, condition or estimated selling price of any Lot are merely statements of opinion, and are not to be relied on as statements of definitive fact. Catalogue and web illustrations are for guidance only, and should not be relied on either to determine the tone or colour of any item. No lot shall be rejected on the grounds of inaccurate reproduction. No lot illustrated in the catalogue and online shall be rejected on the grounds of cancellation, centring, margins, perforation or other characteristics apparent from the illustration. Estimates of the selling price should not be relied on as a statement that this price is either the price at which the Lot will sell or its value for any other purpose.

3.2.2 Many items are of an age or nature which precludes their being in perfect condition and some descriptions in the catalogue or given by way of condition report make reference to damage and/or restoration. We provide this information for guidance only and the absence of such a reference does not imply that an item is free from defects or restoration nor does a reference to particular defects imply the absence of any others.

3.2.3 Other than as set out in clause 5.13, and in the absence of fraud, neither the Seller nor we, nor any of our employees or agents, are responsible for the correctness of any statement as to the authorship, origin, date, age, attribution, genuineness or provenance of any Lot nor for any other errors of description or for any faults or defects in any Lot. Every person interested should exercise and rely on his own judgment as to such matters.

3.3 Your Responsibility

You are responsible for satisfying yourself as to the condition of the goods and the matters referred to in the catalogue description.

3.4 Extensions – Stamps only

3.4.1 If you wish to obtain an expert opinion or Certificate of Authenticity on any Lot (other than a mixed Lot or Lot containing undescribed stamps) you must notify us in writing not less than forty-eight hours before the time fixed for the commencement of the first session of the sale. If accepted by us, such request shall have the same effect as notice of an intention to question the genuineness or description of the Lot for the purposes of clause 5.13 (Refund in the case of Forgery) of these Terms and Conditions and the provisions of clause 5.13 (Refund in the case of Forgery) shall apply accordingly.

3.4.2 Notice of a request for an expert opinion or Certificate of Authenticity must give the reason why such opinion is required and specify the identity of your proposed expert which will be subject to agreement by us. We reserve the right, at our discretion, to refuse a request for an expert opinion or Certificate of Authenticity including (without limitation) where the proposed expert is not known to us.

3.4.3 If we accept a request for an expert opinion or Certificate of Authenticity we will submit the Lot to the Expert Committee. You acknowledge and accept that the length of time taken by an Expert Committee to reach an opinion will vary depending on the circumstances and in any event is beyond our control.

3.4.4 We will not accept a request for an extension on account of condition. Any Lot described in the catalogue as having faults or defects may not be returned even if an expert opinion or Certificate of Authenticity cites other faults or defects not included in the catalogue description, other than in the case of a Forgery.

3.4.5 Should Spink accept a request for an extension under the foregoing provisions of this paragraph, the fact may be stated by the Auctioneer from the rostrum prior to the sale of the Lot.

3.4.6 It should be noted that any stamp accompanied by a Certificate of Authenticity is sold on the basis of that Certificate only and not on the basis of any other description or warranty as to authenticity. No request for an extension will be accepted on such a stamp and the return of such a stamp will not be accepted.

3.4.7 If you receive any correspondence from the Expert Committee in relation to the Lot, including but not limited to a Certificate of Authenticity, you must provide us with copies of such correspondence no later than 7 days after you receive such correspondence.

4 AT THE SALE

4.1 Refusal of admission

Our sales usually take place on our own premises or premises over which we have control for the sale, and we have the right, exercisable at our complete discretion, to refuse admission to the premises or attendance at an auction.

4.2 Registration before bidding

You must complete and sign a registration form and provide identification before making a bid at auction. Please be aware that we usually require buyers to undergo a credit check.

If you have not bid successfully with Spink in the past, or you are registering with us for the first time, we reserve the right to require a deposit of up to 50% of the amount you intend to spend. Such deposit will be deducted from your invoice should you be successful. If you are unsuccessful at auction, your deposit will be returned by the same means it was paid to Spink.

Some lots may be designated, prior to the auction, as "Premium Lots", which means a deposit may be required before placing a bid on the item for sale. Information will be posted on our website in such an event.

4.3 Bidding as Principal

When making a bid (whether such bids are made in person or by way of telephone bids operated by Spink, commission or online or email bids), you will be deemed to be acting as principal and will be accepting personal liability, unless it has been agreed in writing, at the time of registration, that you are acting as agent on behalf of a third party buyer acceptable to us.

4.4 Commission Bids

If you give us instructions to bid on your behalf, by using the form provided in our catalogues or via our website, we shall use reasonable endeavours to do so, provided these instructions are received not later than 24 hours before the auction. If we receive commission bids on a particular Lot for identical amounts, and at auction these bids are the highest bids for the Lot, it will be sold to the person whose bid was received first. Commission bids are undertaken subject to other commitments at the time of the sale, and the conduct of the auction may be such that we are unable to bid as requested. Since this is undertaken as a free service to prospective buyers on the terms stated, we cannot accept liability for failure to make a commission bid. You should therefore always attend personally if you wish to be certain of bidding.

4.5 On-line Bidding

We offer internet services as a convenience to our clients. We will not be responsible for errors or failures to execute bids placed on the internet, including, without limitation, errors or failures caused by (i) a loss of internet connection by either party for whatever reason; (ii) a breakdown or problems with the online bidding software and/or (iii) a breakdown or problems with your internet connection, computer or system. Execution of on-line internet bids on www.spink.com and Spink Live is a free service undertaken subject to other commitments at the time of the auction and we do not accept liability for failing to execute an online internet bid or for errors or omissions in connection with this activity. Buyers who acquire lots on the-saleroom.com will have a fee of 3% on the hammer price added to their invoice for using this facility.

4.6 Telephone Bids

If you make arrangements with us not less than 24 hours before the sale, we shall use reasonable endeavours to contact you to enable you to participate in bidding by telephone, but in no circumstances will we be liable to either the Seller or you as a result of failure to do so.

4.7 Currency Converter

At some auctions, a currency converter will be operated, based on the one month forward rates of exchange quoted to us by Barclays Bank Plc or any other appropriate rate determined by us, at opening on the date of the auction. Bidding will take place in a currency determined by us, which is usually sterling for auctions held in London. The currency converter is not always reliable, and errors may occur beyond our control either in the accuracy of the Lot number displayed on the converter, or the foreign currency equivalent of sterling bids. We shall not be liable to you for any loss suffered as a result of you following the currency converter.

4.8 Video images

At some auctions there will be a video screen. Mistakes may occur in its operation, and we cannot be liable to you regarding either the correspondence of the image to the Lot being sold or the quality of the image as a reproduction of the original.

4.9 Bidding Increments

Bidding generally opens below the low estimate and advances in the following order although the auctioneer may vary the bidding increments during the course of the auction. The normal bidding increments are:

Up to £100	by £5
£100 to £300	by £10
£300 to £600	£320-£350-£380-£400 etc.
£600 to £1,000	by £50
£1,000 to £3,000	by £100
£3,000 to £6,000	£3,200-£3,500-£3,800-£4,000 etc.
£6,000 to £20,000	by £500
£20,000 and up	Auctioneer's discretion

4.10 Bidding by Spink

4.10.1 We reserve the right to bid on Lots on the Seller's behalf up to the amount of the Reserve (if any), which will never be above the low estimate printed in the auction catalogue.

4.10.2 The Spink Group reserves the right to bid on and purchase Lots as principal.

4.11 The Auctioneer's Discretion

The auctioneer has the right at his absolute discretion to refuse any bid to advance the bidding in such manner as he may decide to withdraw or divide any Lot, to combine any two or more Lots and, in the case of error or dispute, to put an item up for bidding again.

4.12 Successful Bid

Subject to the auctioneer's discretion, the striking of his hammer marks the acceptance of the highest bid, provided always that such bid is higher than the Reserve (where applicable), and the conclusion of a contract for sale between you and the Seller.

4.13 After Sale Arrangements

If you enter into any private sale agreements for any Lot with the Seller within 60 days of the auction, we, as exclusive agents of the Seller reserve the right to charge you the applicable Buyer's Premium in accordance with these Terms and Conditions, and the Seller a commission in accordance with the terms of the Seller's agreement.

4.14 Return of Lot

4.14.1 Once your bid has been accepted for a Lot then you are liable to pay for that Lot in accordance with these Terms and Conditions. If there are any problems with a Lot then you must notify us within 7 days of receipt of the Lot, specifying the nature of the problem. We may then request that the Lot is returned to us for inspection. Save as set out in clause 5.13, the cancellation of the sale of any Lot and the refund of the corresponding purchase price is entirely at our sole discretion. We will not normally exercise that discretion if the Lot is not received by us in the same condition that it was in at the auction date.

4.14.2 No lot may be returned on account of condition if the condition was stated by a third party grading company (including, but not limited to PCGS, NGC, ANACS, ICG, PMG, WBG).

5 AFTER THE AUCTION

5.1 Buyer's Premium and other charges

In addition to the Hammer Price, you must pay us the Buyer's Premium at a rate of 20% of the final Hammer price of each lot, a fee of 3% on the hammer price total for using the-saleroom.com and a fee for paying by card.

5.2 Value Added Tax

Other than in respect of Zero-rated Lots (o) VAT is chargeable on the Hammer price and the Buyer's premium of daggered (†) and (Ω) lots at the standard rate (currently 20%), and on lots marked (x) at the reduced rate (currently 5% on the Hammer price and 20% on the Buyer's premium). VAT on Margin scheme lots (identified by the absence of any VAT symbol next to the lot number) is payable at 20% on the Buyer's premium only.

5.3 VAT Refunds

General

5.3.1 As we remain liable to account for VAT on all Lots unless they have been exported outside the EU within 3 months of the date of sale, you will generally be asked to deposit all amounts of VAT invoiced. However, if a Spink nominated shipper is instructed, then any refundable VAT will not be collected. In all other cases credits will be made when proof of export is provided. If you export the Lot yourself you must obtain shipping documents from the Shipping Department for which a charge of £50 will be made.

5.3.2 If you export the Lot you must return the valid proof of export certificate to us within 3 months of the date of sale. If you fail to return the proof of export certificate to us within such period and you have not already accounted to us for the VAT, you will be liable to us for the full amount of the VAT due on such Lot and we shall be entitled to invoice you for this sum.

5.3.3 To apply for a refund of any VAT paid, the proof of export certificate must be sent to our Shipping Department clearly marked 'VAT Refund' within 3 months of the date of sale. No payment will be made where the total amount of VAT refundable is less than £50 and Spink will charge £50 for each refund processed.

VAT Refunds - Buyers from within the EU

5.3.4 VAT refunds are available on the Hammer Price and Buyer's Premium of Daggered (†) and Investment Gold (g) Lots. You must certify that you are registered for VAT in another EU country and that the Lot is to be removed from the United Kingdom within 3 months of the date of sale.

5.3.5 Where an EU buyer purchases a Lot on which import VAT has been charged, no refund of VAT is available from us. It may be possible to apply directly for a refund on form VAT 65 to HM Revenue & Customs Overseas Repayment Section, Londonderry.

VAT Refunds - Buyers from outside the EU

5.3.6 Where a Lot is included within the Auctioneers' Margin Scheme and evidence of export from the EU is produced within 3 months of the date of sale, the VAT on Buyer's Premium may be refunded.

5.3.7 Where the Lot is marked as a Daggered (†) Lot the VAT charged on the Hammer Price may be refunded where evidence of export from the EU is produced within 3 months of the date of sale. A refund of VAT charged on the Buyer's Premium can also be made on receipt of proof of business as a collectibles dealer.

5.3.8 Where the Lot is marked as an Omega (Ω) Lot or an Import VAT (x) Lot and evidence of export from the EU is produced within 3 months of the date of sale, the VAT charged on both the Hammer Price and Buyer's Premium may be refunded. Where required, we can advise you on how to export such Lots as a specific form of export evidence is required. Where we advise you on the export of the Lots, please be aware that the ultimate responsibility in respect of obtaining a valid proof of export certificate will lie with you and we will not be responsible for your failure to obtain such certificate.

5.3.9 Lot marked as Investment Gold (g) is exempt from VAT on Hammer price. A refund of VAT charged on the Buyer's Premium can be made on receipt of proof of business as a collectibles dealer and where evidence of export from the EU is produced within 3 months of the date of sale.

5.4 Payment

5.4.1 You must provide us with your full name and permanent address and, if so requested, details of the bank from which any payments to us will be made. You must pay the full amount due (comprising the Hammer Price, the Buyer's Premium and any applicable VAT) within seven days after the date of the sale. This applies even if you wish to export the Lot and an export licence is (or may be) required.

5.4.2 You will not acquire title to the Lot until all amounts due have been paid in full. This includes instances where special arrangements were made for release of Lot prior to full settlement.

5.4.3 Payment should be made in sterling by one of the following methods:

- Direct bank transfer to our account details of which are set out on the invoice. All bank charges shall be met by you. Please ensure that your client number is noted on the transfer.

Please ensure that the remittance slip printed at the bottom of the invoice is enclosed with your payment.
- By Visa, Mastercard or American Express. Payments made by American Express are subject to a 4% fee. Payments by all other credit cards and debit cards issued by overseas banks are subject to a fee of 2%. For all card payments there are limits to the amounts we will accept depending on the type of card being used and whether or not the cardholder is present.

- 5.4.4 Payments should be made by the registered buyer and not by third parties, unless it has been agreed at the time of registration that you are acting as an agent on behalf of a third party.
- 5.5 Invoices**
Invoices may consist of one or more pages and will show: Zero rated Lots (o); no symbol Lots sold under the Auctioneers' Margin Scheme; Lots marked (g) special scheme Investment Gold; Daggered Lots (†), imported Lots marked (x) and (Ω), (c) Lots with Zero rated hammer for EU VAT registered buyers.
- 5.6 Collection of Purchases**
5.6.1 Unless specifically agreed to the contrary, we shall retain lots purchased until all amounts due to us, or to the Spink Group, have been paid in full. Buyers will be required to pay for their lots when they wish to take possession of the same, which must be within 7 days of the date of the sale, unless prior arrangements have been made with Spink. Without prior agreement, lots will not be released until cleared funds are received with regard to payments made by cheque.
5.6.2 Unless we notify you to the contrary, items retained by us will be covered in accordance with our policy which is available for inspection at our offices from the date of sale for a period of seven days or until the time of collection, whichever is sooner. After seven days or from the time of collection, whichever is the earlier, the Lot will be entirely at your risk.
5.6.3 Our policy will not cover and we are unable to accept responsibility for damage caused by woodworm, changes in atmospheric conditions or acts of terrorism.
- 5.7 Notification**
We are not able to notify successful bidders by telephone. While Invoices are sent out by email or mail after the auction we do not accept responsibility for notifying you of the result of your bid. You are requested to contact us by telephone or in person as soon as possible after the auction to obtain details of the outcome of your bids to avoid incurring charges for late payment.
- 5.8 Packing and handling**
5.8.1 We shall use all reasonable endeavours to take care when handling and packing a purchased Lot but remind you that after seven days or from the time of collection, whichever is sooner, the Lot is entirely at your risk. Our postage charges are set out at the back of the catalogue.
5.8.2 It is the responsibility of the Buyer to be aware of any Import Duties that may be incurred upon importation to the final destination. Spink will not accept return of any package in order to avoid these duties. The onus is also on the Buyer to be aware of any Customs import restrictions that prohibit the importation of certain collectibles. Spink will not accept return of the Lot(s) under these circumstances. Spink will not accept responsibility for Lot(s) seized or destroyed by Customs.
5.8.3 If the Buyer requires delivery of the Lot to an address other than the invoice address this will be carried out at the discretion of Spink.
- 5.9 Recommended packers and shippers**
If required our shipping department may arrange shipment as your agent. Although we may suggest carriers if specifically requested, our suggestions are made on the basis of our general experience of such parties in the past and we are not responsible to any person to whom we have made a recommendation for the acts or omissions of the third parties concerned.
- 5.10 Remedies for non-payment or failure to collect purchases**
5.10.1 If you fail to make payment within seven days of your stipulated payment date set out in your invoice, we shall be entitled to exercise one or more of the following rights or remedies:
5.10.1.1 to charge interest at the rate of 2% per month compound interest, calculated on a daily basis, from the date the full amount is due;
5.10.1.2 to set off against any amounts which the Spink Group may owe you in any other transaction the outstanding amount remaining unpaid by you;
5.10.1.3 we may keep hold of all or some of your Lots or other property in the possession of the Spink Group until you have paid all the amounts you owe us or the Spink Group, even if the unpaid amounts do not relate to those Lots or other property. Following fourteen days' notice to you of the amount outstanding and remaining unpaid, the Spink Group shall have the right to arrange the sale of such Lots or other property. We shall apply the proceeds in discharge of the amount outstanding to us or the Spink Group, and pay any balance to you;
5.10.1.4 where several amounts are owed by you to the Spink Group in respect of different transactions, to apply any amount paid to discharge any amount owed in respect of any particular transaction, whether or not you so direct;
5.10.1.5 to reject at any future auction any bids made by you or on your behalf or obtain a deposit from you before accepting any bids.
5.10.2 If you fail to make payment within thirty-five days, we shall in addition be entitled to:
5.10.2.1 to cancel the sale of the Lot or any other item sold to you at the same or any other auction;
5.10.2.2 to arrange a resale of the Lot, publicly or privately, and, if this results in a lower price being obtained, claim the balance from you together with all reasonable costs including a 20% seller's commission, expenses, damages, legal fees, commissions and premiums of whatever kind associated with both sales or otherwise, incurred in connection with your failure to make payment;
5.10.2.3 when reselling the Lot, place a notice in our catalogue stating that you successfully purchased the Lot at auction but have subsequently failed to pay the Hammer Price of the Lot; or
5.10.2.4 take any other appropriate action as we deem fit.
5.10.3 If you fail to collect within fourteen days after the sale, whether or not payment has been made, you will be required
5.10.3.1 to pay a storage charge of £2 per item per day plus any additional handling cost that may apply.
5.10.3.2 you will not be entitled to collect the Lot until all outstanding charges are met, together with payment of all other amounts due to us.
- 5.11 Uses of default information**
If you fail to make payment for a Lot in accordance with these Terms and Conditions:
5.11.1 We reserve the right to refuse you the right to make bids for any future auction irrespective of whether previous defaults have been settled; and
5.11.2 You consent to us disclosing details of such default to other auctioneers and live bidding platforms, which will include your name, address, nature of the default and the date of the default. Auctioneers or live bidding platforms who receive details of the default may rely on such information when deciding whether to enter into a transaction with you in the future.
- 5.12 Export Licence**
5.12.1 If required we can, at our discretion, advise you on the detailed provisions of the export licensing regulations. Where we advise you in relation to export licensing regulations the ultimate responsibility in respect of any export will lie with you and we will not be responsible for your failure to apply for any necessary licences.
5.12.2 If the Lot is going to be hand carried by you, you may be required to produce a valid export licence to us or sign a waiver document stating that a licence will be applied for.
5.12.3 You should always check whether an export licence is required before exporting. Export licences are usually obtained within two or three weeks but delays can occur.
5.12.4 Unless otherwise agreed by us in writing, the fact that you wish to apply for an export licence does not affect your obligation to make payment within seven days nor our right to charge interest on late payment.
5.12.5 If you request that we apply for an export licence on your behalf, we shall be entitled to recover from you our disbursements and out of pocket expenses in relation to such application, together with any relevant VAT.
5.12.6 We will not be obliged to rescind a sale nor to refund any interest or other expenses incurred by you where payment is made by you despite the fact that an export licence is required.
- 5.13 Refund in the case of Forgery**
5.13.1 A sale will be cancelled, and the amount paid refunded to you if a Lot (other than a miscellaneous item not described in the catalogue) sold by us proves to have been a Forgery. We shall not however be obliged to refund any amounts if either (a) the catalogue description or saleroom notice at the auction date corresponded to the generally accepted opinion of scholars or experts at that time, or fairly indicated that there was a conflict of opinions, or (b) it can be demonstrated that the Lot is a Forgery only by means of either a scientific process not generally accepted for use until after publication of the catalogue or a process which at the date of the auction was unreasonably expensive or impracticable or likely to have caused damage to the Lot. Furthermore, you should note that this refund can be obtained only if the following conditions are met:
5.13.1.1 you must notify us in writing, within seven days of the receipt of the Lot(s), that in your view the Lot concerned is a Forgery;
5.13.1.2 you must then return the item to us within fourteen days from receipt of the Lot(s), in the same condition as at the auction date; and
5.13.1.3 as soon as possible following return of the Lot, you must produce evidence satisfactory to us that the Lot is a Forgery and that you are able to transfer good title to us, free from any third party claims.
5.13.1.4 you must provide to us all evidence obtained by you that a Lot is a Forgery no later than 7 days after you receive such evidence.
5.13.2 In no circumstances shall we be required to pay you any more than the amount paid by you for the Lot concerned and you shall have no claim for interest.
5.13.3 The benefit of this guarantee is not capable of being transferred, and is solely for the benefit of the person to whom the original invoice was made out by us in respect of the Lot when sold and who, since the sale, has remained the owner of the Lot without disposing of any interest in it to any third party.
5.13.4 We shall be entitled to rely on any scientific or other process to establish that the Lot is not a Forgery, whether or not such process was used or in use at the date of the auction.
- 6 LIABILITY**
Nothing in these Terms and Conditions limits or excludes our liability for:
6.1 death or personal injury resulting from negligence; or
6.2 any damage or liability incurred by you as a result of our fraud or fraudulent misrepresentation.

7 USE OF YOUR PERSONAL INFORMATION

- 7.1 We will use the personal information you provide to us to:
- 7.1.1 process the bids you make on Lots (whether successful or otherwise) and other auction related services we provide;
 - 7.1.2 process your payment relating to a successful purchase of a Lot;
 - 7.1.3 arrange for delivery of any Lot you purchase, which will include passing your details to shipping providers and, on overseas deliveries, to customs where they make enquiries regarding the Lot;
 - 7.1.4 inform you about similar products or services that we provide, but you may stop receiving these at any time by contacting us.
- 7.2 In accordance with clause 4.2, you agree that we may pass your information to credit reference agencies and that they may keep a record of any search that they do.
- 7.3 In accordance with clause 5.11, you agree that where you default on making payment for a Lot in accordance with these terms and conditions we may disclose details of such default to other auctioneers and live bidding platforms.
- 7.4 We are also working closely with third parties (including, for example, other auctioneers and live bidding platforms) and may receive information about you from them.

8 COPYRIGHT

- 8.1 We shall have the right (on a non-exclusive basis) to photograph, video or otherwise produce an image of the Lot. All rights in such an image will belong to us, and we shall have the right to use it in whatever way we see fit.
- 8.2 The copyright in all images, illustrations and written material relating to a Lot is and shall remain at all times our property and we shall have the right to use it in whatever way we see fit. We shall not use or allow anyone else to use such images, illustrations or written material without our prior written consent.

9 VAT

You shall give us all relevant information about your VAT status and that of the Lot to ensure that the correct information is printed in the catalogues. Once printed, the information cannot be changed. If we incur any unforeseen cost or expense as a result of the information being incorrect, you will reimburse to us on demand the full amount incurred.

10 NOTICES

All notices given under these Terms and Conditions may be served personally, sent by 1st class post, or faxed to the address given to the sender by the other party. Any notice sent by post will be deemed to have been received on the second working day after posting or, if the addressee is overseas, on the fifth working day after posting. Any notice sent by fax or served personally will be deemed to be delivered on the first working day following despatch.

11 ADDITIONAL PROVISIONS

The following provisions of this clause 10 shall apply only if you are acting for the purposes of your business.

11.1 Limitation of Liability

Subject to clause 6, we shall not be liable, whether in tort (including for negligence) or breach of statutory duty, contract, misrepresentation or otherwise for any:

- 11.1.1 loss of profits, loss of business, depletion of goodwill and/or similar losses, loss of anticipated savings, loss of goods, loss of contract, loss of use, loss of corruption of data or information; or
- 11.1.2 any special, indirect, consequential or pure economic loss, costs, damages, charges or expenses.

11.2 Severability

If any part of these Terms and Condition is found by any court to be invalid, illegal or unenforceable, that part may be discounted and the rest of the conditions shall continue to be valid and enforceable to the fullest extent permitted by law.

11.3 Force majeure

We shall have no liability to you if we are prevented from, or delayed in performing, our obligations under these Terms and Conditions or from carrying on our business by acts, events, omissions or accidents beyond our reasonable control, including (without limitation) strikes, lock-outs or other industrial disputes (whether involving our workforce or the workforce of any other party), failure of a utility service or transport network, act of God, war, riot, civil commotion, malicious damage, compliance with any law or governmental order, rule, regulation or direction, accident, breakdown of plant or machinery, fire, flood, storm or default of suppliers or subcontractors.

11.4 Waiver

11.4.1 A waiver of any right under these Terms and Conditions is only effective if it is in writing and it applies only to the circumstances for which it is given. No failure or delay by a party in exercising any right or remedy under these Terms and Conditions or by law shall constitute a waiver of that (or any other) right or remedy, nor preclude or restrict its further exercise. No single or partial exercise of such right or remedy shall preclude or restrict the further exercise of that (or any other) right or remedy.

11.4.2 Unless specifically provided otherwise, rights arising under these Terms and Conditions are cumulative and do not exclude rights provided by law.

11.5 Law and Jurisdiction

- 11.5.1 These Terms and Conditions and any dispute or claim arising out of or in connection with them or their subject matter, shall be governed by, and construed in accordance with, the law of England and Wales.
- 11.5.2 The parties irrevocably agree that the courts of England and Wales shall have exclusive jurisdiction to settle any dispute or claim that arises out of, or in connection with, Terms and Conditions or their subject matter.

Value Added Tax (VAT)

Charging of (VAT) at Auction

The information shown on this page sets out the way in which Spink intends to account for VAT.

i. Auctioneers' Margin Scheme

1. Where possible, we will offer Lots for sale under the Auctioneers' Margin Scheme. Such Lots can be identified by the absence of any VAT symbol next to the Lot number in the catalogue and will not be subject to VAT on the Hammer Price.
2. Where Lots are sold using the Auctioneers' Margin Scheme to UK VAT-registered businesses, the VAT on Buyers' Premium is not recoverable as input tax. Upon request on sale day, we will issue invoices that show VAT separately on both the Hammer Price and the Buyer's Premium. This will enable VAT-registered businesses to recover the VAT charged as input tax, subject to the normal rules for recovering input tax.

ii. Zero-Rated Lots

Limited Categories of goods, such as books, are Zero-rated (o) for VAT in the United Kingdom. Such Lots are offered under the Auctioneers' Margin Scheme. In these circumstances no VAT will be added to the Buyer's premium.

iii. Daggered Lots

Lots which are Daggered (†) in the catalogue are subject to VAT at 20% on both the Hammer Price and the Buyer's Premium.

iv. Imported and Omega Lots

Lots which are marked (x) in the catalogue are subject to VAT at 5% on the Hammer price plus 20% on the Buyer's premium. Lots which bear the Omega symbol (Ω) are subject to VAT at 20% on the Hammer Price and on the Buyer's Premium. This VAT is payable on items imported from outside the EU. In these cases we have used a temporary importation procedure, which in effect means that the point of importation is deferred until the Lot has been sold. At this point the Buyer is treated as the importer and is liable to pay the import VAT due. We will collect the VAT from you and pay it to HM Customs and Excise on your behalf.

v. Investment Gold Lots

Lots marked (g) in the catalogue are exempt from VAT on the Hammer Price and are subject to VAT at 20% on the Buyer's Premium. A refund of VAT charged on the Buyer's Premium can also be made on receipt of proof of business as a collectibles dealer outside of the EU.
