FOREWORD

I cannot pretend that this year hasn't been uneventful. We have sadly lost Andrew and Thomasina but (contrary to some reports) the Banknote Department here at Spink is still firmly up, running and firing on all cylinders with five catalogues for October.

We start with two catalogues of World material from the legendary Ibrahim Salem collection; in those catalogues you will find forewords extolling the qualities of his World Banknotes collection (Parts I and II) so suffice to say we are starting our auctions this autumn with some lovely material reflecting Ibrahim's passion for the hobby.

We follow the Salem auctions with a catalogue solely devoted to the currency of East Africa, highlighting a comprehensive collection of this attractive series formed by Alan Pickering over several decades - there is a wonderful range of date and type on offer here and I doubt a finer collection is extant today. There are also two staggeringly (I do not use the word lightly) lovely notes featuring in this sale: an issued of George VI 10000 shillings (an unbelievably large denomination note in issued format and probably representing a value equivalent to a large part of the real estate in Mombasa or Nairobi at the time of issue!) and an issued George V 50 florins with serial number A/1 00005 - this latter really is what a banknote should look like in terms of design, style and quality and it is an unbelievable discovery: without waxing too lyrical it is also, in my opinion, one of my top-five of all the notes I have ever handled - and believe you me, in over 40 years at Spink I have seen a few!

The General World sale follows and features the David Carew collection. On a sad note David is no longer with us, but his collection is a superb testament to his passion for the world of banknotes and is a real 'collector's collection' with fine selections of Commonwealth, archival material, special numbers and rarities. To select a few examples I would recommend a truly lovely Volksas Southwest Africa set of notes with serial number 2, notable both because it is almost impossible to find in a good grade and because apparently the serial number 1 set is institutionalised and in poorer grade than this.

Following on, a small group of Gibraltar number 1 notes is a pleasant surprise, as is a Bulgarian British Military Authority £1 serial number 1; a super-rare Iraqi $\frac{1}{2}$ dinar of Faisal II; an issued Turkish Ataturk 1000 livres; an Arabian Gulf essay; an issued Maori head £50 of 1934 in excellent grade; and a marvellous Omani composite essay - and these are merely a few select pieces amongst many. Finally, it's worth mentioning the extensive groups of Middle East notes of excellent quality - the Middle East collector would be wise to attend.

Returning to more general news, Elaine Fung and Robert Wilde-Evans have recently joined the department and - as you can hopefully see from the catalogues - we are in robust health, once again buried in banknotes and raring to go. In addition to everything above we will also have a British sale a few days later, so as mentioned earlier a total of five catalogues for all our friends to enjoy!

Wishing you all good luck and good hunting.

4.10 Bidding by Spink

4.10.1 We reserve the right to bid on Lots on the Seller's behalf up to the amount of the Reserve (if any), which will never be above the low estimate printed in the auction catalogue.

4.10.2 The Spink Group reserves the right to bid on and purchase Lots as principal.

4.11 The Auctioneer's Discretion

The auctioneer has the right at his absolute discretion to refuse any bid to advance the bidding in such manner as he may decide to withdraw or divide any Lot, to combine any two or more Lots and, in the case of error or dispute, to put an item up for bidding again.

4.12 Successful Bid

Subject to the auctioneer's discretion, the striking of his hammer marks the acceptance of the highest bid, provided always that such bid is higher than the Reserve (where applicable), and the conclusion of a contract for sale between you and the Seller.

4.13 After Sale Arrangements

If you enter into any private sale agreements for any Lot with the Seller within 60 days of the auction, we, as exclusive agents of the Seller reserve the right to charge you the applicable Buyer's Premium in accordance with these Terms and Conditions, and the Seller a commission in accordance with the terms of the Seller's agreement.

4.14 Return of Lot

4.14.1 Once your bid has been accepted for a Lot then you are liable to pay for that Lot in accordance with these Terms and Conditions. If there are any problems with a Lot then you must notify us within 7 days of receipt of the Lot, specifying the nature of the problem. We may then request that the Lot is returned to us for inspection. Save as set out in clause 5.13, the cancellation of the sale of any Lot and the refund of the corresponding purchase price is entirely at our sole discretion. We will not normally exercise that discretion if the Lot is not received by us in the same condition that it was in at the auction date.

4.14.2 No lot may be returned on account of condition if the condition was stated by a third party grading company (including, but not limited to PCGS, NGC, ANACS, ICG, PMG, WBG).

5 AFTER THE AUCTION

5.1 Buyer's Premium and other charges

In addition to the Hammer Price, you must pay us the Buyer's Premium at a rate of 20% of the final Hammer price of each lot, a fee of 3% on the hammer price total for using the-saleroom.com and a fee for paying by card.

5.2 Value Added Tax

Other than in respect of Zero-rated Lots (o) VAT is chargeable on the Hammer price and the Buyer's premium of daggered (†) and (Ω) lots at the standard rate (currently 20%), and on lots marked (x) at the reduced rate (currently 5% on the Hammer price and 20% on the Buyer's premium). VAT on Margin scheme lots (identified by the absence of any VAT symbol next to the lot number) is payable at 20% on the Buyer's premium only.

5.3 VAT Refunds

General

- 5.3.1 As we remain liable to account for VAT on all Lots unless they have been exported outside the EU within 3 months of the date of sale, you will generally be asked to deposit all amounts of VAT invoiced. However, if a Spink nominated shipper is instructed, then any refundable VAT will not be collected. In all other cases credits will be made when proof of export is provided. If you export the Lot yourself you must obtain shipping documents from the Shipping Department for which a charge of £50 will be made.
- 5.3.2 If you export the Lot you must return the valid proof of export certificate to us within 3 months of the date of sale. If you fail to return the proof of export certificate to us within such period and you have not already accounted to us for the VAT, you will be liable to us for the full amount of the VAT due on such Lot and we shall be entitled to invoice you for this sum.
- 5.3.3 To apply for a refund of any VAT paid, the proof of export certificate must be sent to our Shipping Department clearly marked 'VAT Refund' within 3 months of the date of sale. No payment will be made where the total amount of VAT refundable is less than £50 and Spink will charge £50 for each refund processed.

VAT Refunds - Buyers from within the EU

- 5.3.4 VAT refunds are available on the Hammer Price and Buyer's Premium of Daggered (†) and Investment Gold (g) Lots. You must certify that you are registered for VAT in another EU country and that the Lot is to be removed from the United Kingdom within 3 months of the date of sale.
- 5.3.5 Where an EU buyer purchases a Lot on which import VAT has been charged, no refund of VAT is available from us. It may be possible to apply directly for a refund on form VAT 65 to HM Revenue & Customs Overeseas Repayment Section, Londonderry.

VAT Refunds - Buyers from outside the EU

- 5.3.6 Where a Lot is included within the Auctioneers' Margin Scheme and evidence of export from the EU is produced within 3 months of the date of sale, the VAT on Buyer's Premium may be refunded.
- 5.3.7 Where the Lot is marked as a Daggered (†) Lot the VAT charged on the Hammer Price may be refunded where evidence of export from the EU is produced within 3 months of the date of sale. A refund of VAT charged on the Buyer's Premium can also be made on receipt of proof of business as a collectibles dealer.
- 5.3.8 Where the Lot is marked as an Omega (Ω) Lot or an Import VAT (x) Lot and evidence of export from the EU is produced within 3 months of the date of sale, the VAT charged on both the Hammer Price and Buyer's Premium may be refunded. Where required, we can advise you on how to export such Lots as a specific form of export evidence is required. Where we advise you on the export of the Lots, please be aware that the ultimate responsibility in respect of obtaining a valid proof of export certificate will lie with you and we will not be responsible for your failure to obtain such certificate.
- 5.3.9 Lot marked as Investment Gold (g) is exempt from VAT on Hammer price. A refund of VAT charged on the Buyer's Premium can be made on receipt of proof of business as a collectibles dealer and where evidence of export from the EU is produced within 3 months of the date of sale.

Value Added Tax (VAT)

Charging of (VAT) at Auction

The information shown on this page sets out the way in which Spink intends to account for VAT.

i. Auctioneers' Margin Scheme

- Where possible, we will offer Lots for sale under the Auctioneers' Margin Scheme. Such Lots can be identified by the absence of any VAT symbol next to the Lot number in the catalogue and will not be subject to VAT on the Hammer Price.
- 2. Where Lots are sold using the Auctioneers' Margin Scheme to UK VAT-registered businesses, the VAT on Buyers' Premium is not recoverable as input tax. Upon request on sale day, we will issue invoices that show VAT separately on both the Hammer Price and the Buyer's Premium. This will enable VAT-registered businesses to recover the VAT charged as input tax, subject to the normal rules for recovering input tax.

ii. Zero-Rated Lots

Limited Categories of goods, such as books, are Zero-rated (o) for VAT in the United Kingdom. Such Lots are offered under the Auctioneers' Margin Scheme. In these circumstances no VAT will be added to the Buyer's premium.

iii. Daggered Lots

Lots which are Daggered (†) in the catalogue are subject to VAT at 20% on both the Hammer Price and the Buyer's Premium.

iv. Imported and Omega Lots

Lots which are marked (x) in the catalogue are subject to VAT at 5% on the Hammer price plus 20% on the Buyer's premium. Lots which bear the Omega symbol (Ω) are subject to VAT at 20% on the Hammer Price and on the Buyer's Premium. This VAT is payable on items imported from outside the EU. In these cases we have used a temporary importation procedure, which in effect means that the point of importation is deferred until the Lot has been sold. At this point the Buyer is treated as the importer and is liable to pay the import VAT due. We will collect the VAT from you and pay it to HM Customs and Excise on your behalf.

v. Investment Gold Lots

Lots marked (g) in the catalogue are exempt from VAT on the Hammer Price and are subject to VAT at 20% on the Buyer's Premium. A refund of VAT charged on the Buyer's Premium can also be made on receipt of proof of business as a collectibles dealer outside of the EU.
