The Spink Environment Commitment:
Paper from Sustainable Forests and Clean Ink

Spink has a long history of preserving not only collectables but our planet, too. We are proud to ensure that our policy of sustainability and conservation keeps up with Spink’s growth, helping improve the environment for new generations of collectors.

We insist that our printers source all paper used in the production of Spink catalogues from FSC and/or PEFC suppliers and use non-hazardous inks. We also ask they hold the environmental standard ISO 14001.

Spink recycle all ecological material used on our premises and we encourage you to recycle your catalogue once you have finished with it.
Extensions

Prospective buyers who wish to obtain an expert opinion on any lot (other than a mixed lot or lot containing undescribed stamps) are requested to notify Spink in writing not less than forty-eight hours before the time fixed for the commencement of the first session of the sale. If accepted by Spink, such request shall have the same effect as notice of an intention to question the authenticity of the lot for the purposes of Condition 3.4 of our Terms and Conditions for Buyers.

Notice of a request for an expert opinion must give the reason why such is required and specify the identity of the expert which will be subject to the agreement of Spink to the Expert Committee for choice.

Buyers are reminded that any lot(s) purchased “on extension” are subject to payment in accordance with our normal Terms & Conditions of Business. Settlement of any lots on extension should be made at the time of invoice payment. Overdue accounts are subject to interest charges.

Extensions requested on account of condition will not be accepted for expert opinions. Any Lot described as having faults or defects may not be returned should a certificate cite other faults or defects not included in the catalogue description.

Should Spink accept a request for an extension under the foregoing provisions of this paragraph, the fact may be stated by the Auctioneer from the rostrum prior to the sale of the lot.

It should be noted that any stamp accompanied by a Certificate of Authenticity is sold on the basis of that Certificate only and not on the basis of any other. No request for an extension will be accepted on such a stamp and the return of such a stamp will not be accepted.

TERMS AND CONDITIONS FOR BUYERS

These conditions set out the terms on which we (Spink and Son Limited of 69 Southampton Row, Bloomsbury London WC1B 4ET (company no. 04369748)) contract with you (Buyer) either as agent on behalf of the Seller or as principal if we are the Seller. You should read these conditions carefully.

1 DEFINITIONS

The following definitions apply in these conditions:

- **Auctioneers’ Margin Scheme** means a VAT margin scheme as defined by HM Revenue & Customs;
- **Buyer’s Premium** means the charge payable by you as a percentage of the Hammer Price, at the rates set out in clause 5.1 below;
- **Certificate of Authenticity** means a certificate issued by an Expert Committee confirming the authenticity of a Lot;
- **FORGERY** means a certificate issued by an Expert Committee confirming the authenticity of a Lot;
- **Lot** means a Lot constituting an imitation originally conceived and executed as a whole with a fraudulent intention to deceive as to material or catalogue descriptions for the Lot, or otherwise notified to you by the Seller or us on their behalf;
- **Reserve** means the amount below which we agree with the Seller that the Lot cannot be sold;
- **Spink Group** means the owner of the Lot being sold by us;
- **Spink** means the amount of the highest bid accepted by the auctioneer in relation to a Lot;
- **Spink and Son Limited** means the owner of the Lot being sold by us;
- **Spink and Son Limited**, our subsidiaries and associated companies.

2 SPINK’S ROLE AS AGENT

2.1 All sales undertaken by us either at auction or privately are undertaken as agent on behalf of the Seller or from time to time, as principal if we are the owner of the Lot. Please note that even if we are acting as agent on behalf of the Seller rather than as principal, we may have a financial interest in the Lot.

2.2 The contract for the sale of the Lot will be between you and the Seller.

2.3 The Seller’s sale of the Lot to you is subject to any terms and conditions, disclaimers or exclusions included with any promotional material or catalogue descriptions for the Lot, or otherwise notified to you by the Seller or us on their behalf.

3 BEFORE THE SALE

3.1 Examination of goods

You are strongly advised to examine personally any goods in which you are interested, before the auction takes place. Condition reports are usually available on request. We provide no guarantee to you other than in relation to Forgeries, as set out in clause 5.13 of these Terms and Conditions.

3.2 Catalogue descriptions

3.2.1 Statements by us in the catalogue or condition report, or made orally or in writing elsewhere, regarding the authorship, origin, date, age, size, medium, attribution, genuineness, provenance, condition or estimated selling price of any Lot are merely statements of opinion, and are not to be relied on as statements of definitive fact. Catalogue and web illustrations are for guidance only, and should not be relied on either to describe the true value, or to indicate the true quality or condition of any item. No Lot shall be rejected on the grounds of inaccurate reproduction. No lot illustrated in the catalogue and online shall be rejected on the grounds of cancellation, centering, margins, perforation or other characteristics apparent from the illustration. Estimates of the selling price should not be relied on as a statement that this price is either the price at which the Lot will sell or its value for any other purpose.

3.2.2 Many items are of an age or nature which precludes their being in perfect condition and some descriptions in the catalogue or given by way of condition report make reference to damage and/or restoration. We provide this information for guidance only and the absence of such a reference does not imply that an item is free from defects or restoration nor does a reference to particular defects imply the absence of any others.

3.2.3 Other than as set out in clause 5.13, and in the absence of fraud, neither the Seller nor we, nor any of our employees or agents, are responsible for the correctness of any statement as to the authorship, origin, date, age, attribution, genuineness or provenance of any Lot nor for any other errors of description or for any faults or defects in any Lot. Every person interested should exercise and rely on his own judgment as to such matters.

3.3 Your Responsibility

You are responsible for satisfying yourself as to the condition of the goods and the matters referred to in the catalogue description.

3.4 Extensions – Stamps only

3.4.1 If you wish to obtain an expert opinion or Certificate of Authenticity on any Lot (other than a mixed Lot or Lot containing undescipted stamps) you must notify us in writing not less than forty-eight hours before the time fixed for the commencement of the first session of the sale. If accepted by us, such request shall have the same effect as notice of an intention to question the genuineness or description of the Lot for the purposes of clause 5.13 (Refund in the case of Forgery) of these Terms and Conditions and the provisions of clause 5.13 (Refund in the case of Forgery) shall apply accordingly.

3.4.2 Notice of a request for an expert opinion or Certificate of Authenticity must give the reason why such opinion is required and specify the identity of your proposed expert which will be subject to agreement by us. We reserve the right, at our discretion, to refuse a request for an expert opinion or Certificate of Authenticity including (without limitation) where the proposed expert is not known to us.

3.4.3 If we accept a request for an expert opinion or Certificate of Authenticity we will submit the Lot to the Expert Committee. You acknowledge and accept that the length of time taken by an Expert Committee to reach an opinion will vary depending on the circumstances and in any event is beyond our control.

3.4.4 We will not accept a request for an extension on account of condition. Any Lot described in the catalogue as having faults or defects may not be returned even if an expert opinion or Certificate of Authenticity cites other faults or defects not included in the catalogue description, other than in the case of a Forgery.

3.4.5 Should Spink accept a request for an extension under the foregoing provisions of this paragraph, the fact may be stated by the Auctioneer from the rostrum prior to the sale of the Lot.

3.4.6 It should be noted that any stamp accompanied by a Certificate of Authenticity is sold on the basis of that Certificate only and not on the basis of any other description or warranty as to authenticity. No request for an extension will be accepted on such a stamp and the return of such a stamp will not be accepted.

3.4.7 If you receive any correspondence from the Expert Committee in relation to the Lot, including but not limited to a Certificate of Authenticity, you must provide us with copies of such correspondence no later than 7 days after you receive such correspondence.

4 AT THE SALE

4.1 Refusal of admission

Our sales usually take place on our own premises or premises over which we have control for the sale, and we have the right, exercisable at our complete discretion, to refuse admission to the premises or attendance at an auction.

4.2 Registration before bidding

All bidders must be registered either by completing a registration form or creating an account online. Please be aware that we usually require buyers to present identification before making a bid at auction, undergo a credit check or provide a trade reference. If you have not bid successfully with Spink in the past, or you are registering with us for the first time, we reserve the right to require a deposit of up to 50% of the highest amount you intend to spend. Such deposit will be deducted from your invoice should you be successful. If you are unsuccessful at auction, your deposit will be returned by the same means it was paid to Spink.

Some lots may be designated, prior to the auction, as “Premium Lots”, which means a deposit may be required before placing a bid on the item for sale. Information will be posted on our website in such an event.

4.3 Bidding as Principal

When making a bid (whether such bids are made in person or by way of telephone bids operated by Spink, commission or online or email bids), you will be deemed to be acting as principal and will be accepting personal liability, unless it has been agreed in writing, at the time of registration, that you are acting as agent on behalf of a third party buyer acceptable to us.

4.4 Commission Bids

If you give us instructions to bid on your behalf, by using the form provided in our catalogues or via our website, we shall use reasonable endeavours to do so, provided these instructions are received not later than 24 hours before the auction. If we receive commission bids on a particular Lot for identical amounts, and at auction these bids are the highest bids for the Lot, it will be sold to the person whose bid was received first. Commission bids are undertaken subject to other commitments at the time of the sale, and the effect of the auction may be such that we are unable to bid as requested. Since this is undertaken as a free service to prospective buyers on the terms stated, we cannot accept liability for failure to make a commission bid. You should therefore always attend personally if you wish to be certain of bidding.
4.5 On line Bidding
We offer internet services as a convenience to our clients. We will not be responsible for errors or failures to execute bids placed on the internet, including, without limitation, errors or failures caused by (i) a loss of internet connection or a failure or delay of any internet connection, computer system. Execution of on-line internet bids on www.spink.com and Spink Live is a free service undertaken subject to other commitments at the time of the sale and we do not accept liability for failing to execute an online internet bid or for errors or omissions in connection with this activity.

4.6 Telephone Bids
If you make arrangements with us not less than 24 hours before the sale, we shall use reasonable endeavours to contact you to enable you to participate in bidding by telephone, but in no circumstances will we be liable to either the Seller or you as a result of failure to do so.

4.7 Currency Converter
At some auctions, a currency converter will be operated, based on the one month forward rates of exchange quoted to us by Barclays Bank Plc or any other appropriate rate determined by us, at opening on the date of the auction. Bidding will take place in a currency determined by us, which is usually sterling for auctions held in London. The currency converter is not always reliable, and errors may occur beyond our control either in the accuracy of the Lot number displayed on the converter, or the foreign currency equivalent of sterling bids. We shall not be liable to you for any loss suffered as a result of a following the advice of the currency converter.

4.8 Video Images
At some auctions there will be a video screen. Mistakes may occur in its operation, and we cannot be liable to you regarding either the correspondence of the image to the Lot being sold or the quality of the image as a reproduction of the original.

4.9 Bidding Increments
Bidding generally opens below the low estimate and advances in the following order although the auctioneer may vary the bidding increments during the course of the auction. The normal bidding increments are:

- Up to £100 by £5

- £300 to £600 by £250-350-380-£400 etc.
- £600 to £1,000 by £50
- £1,000 to £3,000 by £100

- £100,000 and up Auctioneer’s discretion

4.10 Bidding by Spink
4.10.1 We reserve the right to bid on Lots on the Seller’s behalf up to the amount of the Reserve (if any), which will never be above the low estimate quoted in the auction catalogue.

4.10.2 The Spink Group reserves the right to bid on and purchase Lots as principal.

4.10.3 Lots with this symbol (†) indicate that a party has provided Spink with an irrevocable bid on the lot that will be executed during the sale at a fixed fee in the event he or she is the successful bidder.

4.11 The Auctioneer’s Discretion
The auctioneer has the right at his absolute discretion to refuse any bid to advance the bidding in such manner as he may decide to withdraw or divide any Lot, to combine any two or more Lots and, in the case of error or dispute, to put an item up for bidding again.

4.12 Successful Bid
Subject to the auctioneer’s discretion, the striking of his hammer marks the acceptance of the highest bid, provided always that such bid is higher than the Reserve (where applicable), and the conclusion of a contract for sale between you and the Seller.

4.13 After Sale Arrangements
If you enter into any private sale arrangements for any Lot with the Seller within 60 days of the auction, we, as exclusive agents of the Seller reserve the right to charge you the applicable Buyer’s Premium in accordance with the applicable Terms and Conditions, and the Seller’s commission in accordance with the terms of the Seller’s agreement.

4.14 Return of Lot
4.14.1 Once your bid has been accepted for a Lot then you are liable to pay for that Lot in accordance with these Terms and Conditions. If there are any problems with a Lot then you must notify us within 7 days of receipt of the Lot, specifying the nature of the problem. We may then request that the Lot is returned to us for inspection. Save as set out in clause 5.13, the cancellation of the sale of any Lot and the refund of the corresponding purchase price is entirely at our sole discretion. We will not normally exercise discretion if the Lot is not received by us in the same condition that it was in at the auction date.

5.1 Buyer’s Premium and other charges
In addition to the Hammer Price, you must pay us the Buyer’s Premium at a rate of 20% of the final Hammer price of each lot, postage and charge and a fee for paying by card.

VAT on Margin scheme lots (identified by the absence of any VAT symbol next to the lot number) is payable at 20% of the Buyer’s premium only.

5.3 VAT Refunds
5.3.1 As we remain liable to account for VAT on all lots unless they have been exported outside the EU within 3 months of the date of sale, you will generally be asked to deposit all amounts of VAT invoiced. If you export the lot yourself you must obtain shipping documents from the Shipping Department for which a charge of £50 will be made.

5.3.2 If you export the Lot you must return the valid proof of export certificate to us within 3 months of the date of sale. If you fail to return the proof of export certificate to us within such period and you have not already been accounted for that VAT, you will be liable to us for the full amount of the VAT due on such Lot and we shall be entitled to invoice you for this sum.

5.3.3 To be entitled for a refund of any VAT paid, the proof of export certificate must be sent to our Shipping Department clearly marked ‘VAT Refund’ within 3 months of the date of sale. No payment will be made where the total amount of VAT chargeable is less than £50 and Spink will charge £50 for each refund processed.

You must pay the full amount due (comprising the Hammer Price, the Buyer’s Premium and any applicable VAT) within seven days after the date of the sale. This applies even if you wish to export the Lot and an export licence is (or may be) required.

5.10.2 If you fail to make payment within thirty-five days, we shall in addition be entitled:

5.10.2.1 to cancel the sale of the Lot or any other item sold to you at the same or any other auction;

5.10.2.2 to arrange a resale of the Lot, publicly or privately, and, if, in its results, prove to be unsold, retain the balance from you together with all reasonable costs including a 20% seller’s commission, items expenses, damages, legal fees, costs and premiums of whatever kind associated with both sales or otherwise, incurred in connection with your failure to make payment;

5.10.2.3 when reselling the Lot, place a notice in our catalogue stating that you successfully purchased the Lot at auction but have subsequently failed to pay the Hammer Price of the Lot, or

5.10.2.4 take any other appropriate action as we deem fit.

5.10.3 If you fail to collect within fourteen days after the sale, whether or not payment has been made, we reserve the right to charge interest on all outstanding amounts at the rate of 2% per month compound interest, to apply for a storage charge of £2 per item per day plus any additional handling cost that may apply.

5.10.3.2 you will not be entitled to collect the Lot until all outstanding charges are met, together with payment of all other amounts due to us.

5.11 Use of Default Information
If you fail to make payment for a Lot in accordance with these Terms and Conditions:

5.11.1 we reserve the right to refuse you the right to make bids for any Lots irrespective of whether previous defaults have been settled; and

5.11.2 you acknowledge that we may (as necessary for our legitimate interests those of other auctioneers and live bidding platforms in referencing customers and avoiding customer defaults) disclose details of such default to other auctioneers and live bidding platforms, which will include your name, address, nature of the default and the date of the default.

Auctioneers or live bidding platforms who receive details of the default must rely on such information when deciding whether to enter into a transaction with you in the future.

5.12 Export Licence
5.12.1 If required we can, at our discretion, advise you on the detailed provisions of the export and import licensing regulations. We advise you in relation to export licensing regulations that for Lots with a catalogue description or saleroom notice at the auction date that corresponded to the generally accepted opinion of scholars or experts at that time, or fairly indicated that there was a conflict of opinion, or (b) it can be demonstrated that the Lot is a Forgery only by means of either a scientific process not generally accepted for use until after publication of the catalogue or a process which at the date of the auction was unreasonably expensive or impracticable or likely to have caused damage to the Lot. Furthermore, you should note that this refund can be obtained only if the following conditions are met:

5.12.3 You should always check whether an export licence is required before exporting. Export licences are usually obtained within two or three weeks but delays can occur.

5.12.4 Unless otherwise agreed by us in writing, the fact that you wish to apply for an export licence does not affect your obligation to make payment within seven days nor our right to charge interest on late payment.

5.12.5 If you request that we apply for an export licence on your behalf, we shall be entitled to recover from you our disbursements and out of pocket expenses in relation to such application, together with any relevant VAT.

5.12.6 We will not be obliged to resell a sale nor to refund any interest or other expenses incurred by you where payment is made by you despite the fact that an export licence is required.

5.13 Refund in the case of Forgery
5.13.1 A sale will be cancelled, and the amount paid refunded to you if a Lot (other than a miscellaneous item not described in the catalogue) sold by Spink has been seized or destroyed by Customs import restrictions that prohibit the importation of certain collectibles. Spink will not accept return of the Lot(s) under these circumstances. Spink will not accept responsibility for Lot(s) seized or destroyed by Customs.

5.13.2 If you later receive a Lot from us that, in your view, is a Forgery, you must notify us without delay, and provide to us all evidence obtained by you that the Lot is a Forgery; and if a Lot (other than a miscellaneous item not described in the catalogue) has been seized or destroyed by Customs.

5.13.3 The benefit of this guarantee is not capable of being transferred, and is solely for the benefit of the person to whom the original invoice was made out by us in respect of the Lot when sold and who, since the sale, has remained the owner of the Lot without disposing of any interest in it to any third party.

5.13.4 We shall be entitled to rely on any scientific or other process to establish that the Lot is not a Forgery, whether or not such process was used or in use at the date of the auction.

You shall not use or allow anyone else to use such images, illustrations or written material without our prior written consent.

9 VAT
You shall give us all relevant information about your VAT status and that of the Lot to ensure that the correct information is printed in the catalogues. 11.4.1 A waiver of any right under these Terms and Conditions is only effective if it is in writing and it applies only to the circumstances for which it is given. No failure or delay by a party in exercising any right or remedy under these Terms and Conditions or by law shall constitute a waiver of that (or any other) right or remedy, nor preclude or restrict its further exercise. No single or partial exercise of such right or remedy shall preclude or restrict the further exercise of that (or any other) right or remedy.
11.4.2 Unless specifically provided otherwise, rights arising under these Terms and Conditions are cumulative and do not exclude rights provided by law.

Value Added Tax (VAT)
Charging of (VAT) at Auction
The information shown on this page sets out the way in which Spink intends to account for VAT.

i. Auctioneers’ Margin Scheme
1. Where possible, we will offer Lots for sale under the Auctioneers’ Margin Scheme. Such Lots can be identified by the absence of any VAT symbol next to the Lot number in the catalogue and will not be subject to VAT on the Hammer Price.
2. Where Lots are sold using the Auctioneers’ Margin Scheme to UK VAT-registered businesses, the VAT on Buyers’ Premium is not recoverable as input tax. Upon request on sale day, we will issue invoices that show VAT separately on both the Hammer Price and the Buyer’s Premium. This will enable VAT-registered businesses to recover the VAT charged as input tax, subject to the normal rules for recovering input tax.

ii. Zero-Rated Lots
Limited Categories of goods, such as books, are zero-rated (o) for VAT in the United Kingdom. Such Lots are offered under the Auctioneers’ Margin Scheme. In these circumstances no VAT will be added to the Buyer’s premium.

iii. Dagged Lots
Lots which are Dagged (†) in the catalogue are subject to VAT at 20% on both the Hammer Price and the Buyer’s Premium.

iv. Imported and Omega Lots
Lots which are marked (x) in the catalogue are subject to VAT at 5% on the Hammer price plus 20% on the Buyer’s premium. Lots which bear the Omega symbol (Ω) are subject to VAT at 20% on the Hammer Price and on the Buyer’s Premium. This VAT is payable on items imported from outside the EU. In these cases we have used a temporary importation procedure, which in effect means that the point of importation is deferred until the Lot has been sold. At this point the Buyer is treated as the importer and is liable to pay the import VAT due. We will collect the VAT from you and pay it to HM Customs and Excise on your behalf.

v. Investment Gold Lots
Lots marked (g) in the catalogue are exempt from VAT on the Hammer Price and are subject to VAT at 20% on the Buyer’s Premium. A refund of VAT charged on the Buyer’s Premium can also be made on receipt of proof of business as a collectibles dealer outside of the EU.
The above sale dates are subject to change
